

CHS Website Design

“Personal Home Page Website” Assignment Sheet

Overview

The purpose of this activity is to provide you with an opportunity to create a personal website relating to you and some of your personal interests. You will be gathering and organizing information and graphically laying out the site with the outlined criteria and content below. All your page contents will need to be appropriate for here at school.

Layout & Content Requirements

1. Locate and download a template for creating your website. Manage the site in Adobe Dreamweaver prior to beginning work on it.
2. Edit the Header/Banner for the site to reflect the site content. (title, photos, etc.)
3. On each page of the site include an Introduction Paragraph with Hyperlinks on key words.
4. On page 1 (the index page) create a brief summary of yourself addressing a variety of things about you. (Include 2-4 Graphics and a photo of yourself)
5. On page 2 create a Career Interest page (5 Related Links, 2-4 Graphic)
6. On page 3 create a Hobbies/Sports page (5 Related Links & 2-4 Graphics)
7. On page 4 create a Vacation Destination page (3 Related Links & 2-4 Graphic)
8. On page 5 create a Favorite Music Group or Artist page (3 Related Links & 2-4 Graphics)
9. On page 6 create an Elective Topic page of your choice. (Family, Seahawks, Fishing, etc.)
10. Add the required Footer Information at the bottom of each page. See example below...
